

# The Simplicity 35

## Technical Details

### Size:

Length - Unlimited

Projection - Up to 6 metres

### Materials:

Main Frame - Aluminium

Roof Bars - Aluminium

Posts - Aluminium

Guttering - Aluminium

Roof Sheets - 35mm structured polycarbonate

### Colour Options:

The main frame, roof bars, guttering and posts are supplied in white as standard, yet they can be powder coated to meet any RAL or BS colour.

The Simplicity 35 is completely constructed from aluminium, giving you a structure with unbeatable durability together with a life expectancy of up to 25 years. This robust system is also supplied with a full 10 year guarantee.

The Simplicity 35 can be manufactured to any length to meet specific requirements and can span up to 6m enabling you to cover large areas easily with minimum posts. It has a modern, stylish appearance and benefits from robust integral aluminium guttering which creates an attractive finish to the structure. The aluminium guttering requires minimal maintenance throughout the product's lifetime.

# The Simplicity 35

## Features & Benefits:

- **Full 10 Year Guarantee** and a 25 year Life Expectancy
- **Fully Aluminium System** – Including heavy duty structural aluminium roof bars for ultimate strength
- **Stainless Steel Fixings** – All of the fixings are 316 marine grade stainless steel for longevity and total resistance to corrosion
- **Integral Aluminium Guttering** – Saves time on installation and creates a robust and attractive gutter system
- **35mm Structured Polycarbonate Panels With Block Edge Finish** - A block edge finish features a hard edge on both sides of the panel, which provides a much stronger roof system for improved snow loading capabilities.
- **Fire Performance** – Our polycarbonate benefit from excellent fire performance, meeting BS476 part 7, class 1 and EN 13501 B-S1, d0 fire ratings.
- **Robust Roof System** – The roofing system is strong enough to be walked on as a means of escape and maintenance with the use of boards
- **High UV Protection** – During the manufacture of our polycarbonate panels, a layer of UV absorber is coextruded on the outer surface of the roof panels which prevents damaging UV radiation from penetrating the sheet, and protects those underneath from the sun. UV protection also prevents yellowing and loss of strength to the panel – giving it longer life.
- **Wide Range of Colour Options** – The Simplicity 35 can be coloured to any RAL or BS colour
- **Large Projection** – The Simplicity 35 has a projection of up to 6 metres to create large shaded areas if required
- **Unlimited Length** – This canopy can constructed to any length to suit requirements
