

# The Simplicity Alfresco

## Technical Details

### Size:

Length - Unlimited

Projection - Up to 6 metres

### Materials:

Main Frame - Aluminium

Roof Bars - Aluminium

Posts - Aluminium

Guttering - Aluminium

Roof Sheets - Choice of 8mm toughened glass or 35mm polycarbonate

### Colour Options:

The main frame, roof bars, guttering and posts are supplied in white as standard, yet they can be powder coated to meet any RAL or BS colour.

The Simplicity Alfresco is a stunning addition to our veranda range. With its massive 6 metre span between posts, your outside view will not be compromised.

We have worked closely with a leading designer in the glazing industry to create an innovative and striking system that will enhance and add value to your home, allowing you to be sheltered and comfortable in your garden whatever the weather.

The roof can be glazed with either 8mm toughened glass or 35mm polycarbonate sheet.

# The Simplicity Alfresco

## Features & Benefits:

- **Full 10 Year Guarantee** – The Simplicity Alfresco is supplied with a full 10 year guarantee and a 25 year life expectancy for the canopy frame
- **Choice of Roof Panels** – Choose from 8mm toughened glass or 35mm structured polycarbonate roof panels
- **Toughened Glass** – The 8mm glass panels are toughened during manufacturing and achieve Class 1 BS EN 12600 for impact performance
- **Polycarbonate** – The 35mm structured polycarbonate is vandal and shatter resistant
- **Low Maintenance** – All roof options are low maintenance, particularly the glass, which means less cleaning, saving you time and money
- **High Light Transmittance** – All roof options offer high light transmittance
- **6m Projection** – With 6m between posts for an uninterrupted view
- **Integral Aluminium Guttering and Easy-Fix profiles** – Creates a sleek, modern design which is stronger than external guttering and also means all cabling is hidden from view
- **Wide Range of Colour Options** – The aluminium frame can be finished to any BS or RAL colour
- **Infrared Heaters and Lighting** – Add Wall Mounted Infrared Heaters or Lighting to your veranda to create a warm and cosy atmosphere
