

Vevothem
for beautiful, energy
efficient aluminium
windows and doors.

vevo[™]
Let the **light** in

Vevotherm 300 and 800 range; Combine luxury, elegance and energy performance, from the market leaders in aluminium windows and doors.

The Vevotherm range offers the very latest in aluminium window solutions. As a discerning property owner you will always want to fit the very best; energy efficient, maintenance free, high security and beautiful windows and that's exactly what you get from Vevo.

Our high quality range of aluminium windows are recognised as the preferred choice by many architects, builders and home-owners.

With elegant slim profile lines, distinctive designs and a huge range of colours and finishes to suit your taste, you can be assured that you have fitted the very best.

Vevotherm aluminium windows are expertly designed and manufactured in the UK, with a thermal polyamide barrier. This technology significantly reduces thermal transmittance and enhances the overall U Value of our windows, offering some of the highest energy ratings for aluminium windows in the market. A thing of beauty, security and durability installed by craftspeople who care.

Vevotherm means more than just windows – it's about improving your property with the very latest in home improvement technology.

Vevotherm is not just an advanced window solution.

The superior look of Vevotherm windows will add a touch of finesse to any home, with slim frames and clean lines to achieve a striking appearance.

It's good to know that whatever look you want for your property, Vevotherm offers you the choice.

Clearly better by design...

800 Ovolo profile

Frames are available in a choice of Flat and Ovolo; sashes are available in a choice of Flat and Ovolo. Any frame and sash combination can be used.

Vevotherm windows transform your property like no other product.

We believe they're the best on the market;
that's why we offer them to you...

Designed to suit your needs

Vevotherm is a versatile profile that can transform your property, whether you are after a casement window or something a little more contemporary. With a great choice of Flat, Ovolo, or Square edge profiles, we will have a solution perfect for you.

Secure & safe

Rest assured, your property will be protected from unwelcome visitors. Vevotherm windows are fitted with the best available high-security multi-point locking mechanisms with key operated handles.

Latest technology

Vevotherm uses the latest polyamide thermal barrier technology. This advanced profile technology creates a barrier between the cold outside and the warm inside, keeping you warm and comfortable even in the coldest weather and helping to reduce energy bills. The windows can be glazed with a choice of double or even triple glazed sealed units and can achieve industry leading 'A' ratings.

Systems designed to achieve a Window Energy Rating of Band A, Band B or Band C

Frames are manufactured to meet the highest security standards

Perfection comes as standard.

Finished to perfection

Our profiles are finished in polyester powder coated paint and are available in an almost limitless range of colours and finishes. This includes dual colour and metallic paint options.

The polyester powder coated paint finish is produced to the highest standards and quality is guaranteed for up to 25 years. We can match pretty much any colour giving you an endless choice.

Total peace of mind

Vevotherm products require minimal maintenance and are guaranteed to never rust, rot, flake or peel. The occasional wipe down with soapy water will keep them looking as good as new. For your peace of mind we also offer a 10-year guarantee on the installation as a whole.

Fully committed to ISO 14001 standards covering all environmental issues
